

CBS-TV: VNSNY Helps Patients Recovering from COVID-19

May 11, 2020

From CBS News

Community

CBS 2 New York has featured VNSNY RN Michael Guglielmelli in a segment for National Nurses Week. The segment, “Home Care Nurses Admit Emotional Toll On Them Has Been High During Coronavirus Pandemic,” spotlights the role that home care plays in helping patients recover from COVID-19 after hospitalization. Despite concerns for their own safety, Guglielmelli demonstrates the dedication and determination that VNSNY home care nurses and other workers bring to their jobs as they help those who have fallen ill recover at home.
