The Phyllis Mills Living Legend Award is given to team members who've been with the organization for at least ten years and have made significant contributions to VNS Health. These contributions include services, policy practices, research, and other areas that promote our team, vision, and mission. Nominees can be chosen from any team or department.

Team member of the year awards are given to those who've excelled in getting patients and members the care they need. Team members can nominate someone from their respective field for an award.

ESPRIT Awards are given to team members who exemplify VNS Health's core values of Empathy, Integrity, and Agility. Nominees can be chosen from any team or department.

We thank everyone who has contributed to VNS Health's mission and works everyday to make sure our neighbors get the care they need in the comfort of their home.
