

For one dedicated home health aide, patients become family

August 25, 2022

From New York Amsterdam News

Community

Yanick, an aging woman living in Brooklyn was feeling down. Having to deal with multiple chronic health conditions understandably took a toll on her some days. Her home health aide of five years, Marie Dorviline, could tell that Yanick was not herself. That's when a creative idea popped into her mind—something she was sure would lift Yanick's spirits.
