

New VNS Health Website Simplifies the Referral Process

March 20, 2022

By VNS Health TODAY

From Spring 2022 Issue

VNS Health TODAY

In addition to being the date when VNSNY officially became VNS Health, May 18, 2022, also marked the go-live date of the organization's new website, [vnshealth.org](https://www.vnshealth.org). Drawing on input from consumers and health care experts, the website's user-friendly design allows VNS Health's patients, members and health care partners to quickly find the information they need. Key features include:

- Descriptions of all VNS Health programs, services and health plans, as well as payment options for different types of care.
- A section for health care professionals with detailed information on making referrals to VNS Health; provider platforms; VNS Health Professional Solutions; and more.
- Caregiver support services, including a Health Library with a wide range of articles for patients and their families.
- A Community Calendar of upcoming health-related events from VNS Health.
