

**VNSNY** is one of the largest not-for-profit home- and community-based organizations in the United States, serving all five boroughs of New York City, and Nassau, Suffolk, and Westchester Counties. Founded in 1893, VNSNY has approximately 40,000 patients and health plan members in its care on any given day, delivering expert and compassionate care to tens of thousands of New Yorkers, including those who are overlooked, marginalized, or otherwise find it hard to get the care they need. We meet people where they are — in their homes and communities — and through empathy and expertise, we provide hope and a brighter future. Even during a historic pandemic, VNSNY has continued to provide vital home- and community-based care, education, and support to vulnerable New Yorkers, pioneering new models of care that expand access and reduce health disparities.

*In 2021, VNSNY – together with our generous supporters and community partners – provided over \$52 million in charitable care and community benefit programs, improving the lives of tens of thousands of New Yorkers, young and old.*

The **VNSNY 2022 Golf Classic** will raise funds for the **VNSNY Veterans Program**, which advocates for our veterans and honors them with the specialized expertise brought by our employees across disciplines. Our caregivers are specially trained to provide care for not only the physical illness at hand, but also conditions such as PTSD, survivor's guilt, depression, and substance abuse. Most importantly, we help connect veterans and their families with community resources and veteran-specific benefits that help them navigate the complexities of the medical system with clarity and dignity. Our program includes special hospice services tailored to military veterans, as well as bedside recognition ceremonies that honor their military service.
