

THE CITY OF NEW YORK
OFFICE OF THE MAYOR
NEW YORK, NY 10007

November 10, 2022

Dear Friends:

It gives me great pleasure to extend greetings to everyone on the occasion of VNS Health's 2022 Benefit: The Future of Care. The Comfort of Home.

New York City's health care infrastructure is a rich tapestry, stitched together by its committed organizations as well as the generosity and kindness of hundreds of thousands of nurses, physicians, administrators, and staff. One vital thread within this woven wonder has been VNS Health, whose mission is laser-focused on home- and community-based- health care. This long-standing institution rises on its collaborative and compassionate approach, utilizing hospital and hospice care teams to provide the appropriate resources and specialized care that each patient deserves. From its individualized dementia care and home health aides, to its LGBTQ+ outreach team and community center in the Chinatown neighborhood naturally-occurring retirement community (NNORC), this group has helped fortify our neighbors' bodies, prevent serious illnesses, and buoy our families' spirits through tumultuous times. Today, I am proud to commend VNS Health for its expertise, empathetic treatment, and exceptional patient care.

On behalf of 8.5 million New Yorkers, please accept my best wishes for a rewarding and successful event.

Sincerely,

A handwritten signature in black ink that reads "Eric Adams".

Eric Adams
Mayor
