

The **VNS Health 2023 Golf Classic** will raise funds for the **VNS Health Veterans Program**, which provides support to former service members receiving home care or hospice services. Our program liaisons, most of them veterans themselves, connect veterans and families with community resources and veteran-specific benefits that help ensure dignified care throughout their lives, as well as providing support for short- and chronic long-term health care needs.

Our Veterans Program also assists those who are caring for veterans to access resources like death benefits and survivor benefits to make an otherwise challenging time a little less overwhelming. And the program will help find ways to honor a veteran's service, such as recognition ceremonies and medal recovery.

Director, VNS Health
Veterans Program
Honorary Chair

VNS Health is one of the largest not-for-profit home- and community-based health care organizations in the United States, serving all five boroughs of New York City, and Nassau, Suffolk and Westchester Counties. Founded in 1893, VNS Health has approximately 40,000 patients and health plan members in its care on any given day, delivering expert and compassionate care to tens of thousands of New Yorkers, including those who are overlooked, marginalized, or otherwise find it hard to get the care they need. We meet people where they are — in their homes and communities — and through empathy and expertise, we provide hope and a brighter future.

In 2022, VNS Health — together with our generous supporters and community partners — provided over \$50 million in charitable care and community impact programs, improving the lives of New Yorkers, young and old.
