

The **VNS Health 2025 Golf Classic** will raise funds for the **VNS Health Veterans Program**, which offers comprehensive services to address the unique needs of veterans, from education and advocacy to care for advanced illness. We are dedicated to helping veterans get the health care and services they deserve, including assisting them to navigate the healthcare system and understand their benefits.

Our veterans have dedicated their lives to our country. At VNS Health, we have provided services to over 7,500 veterans and veteran family members, in all boroughs of New York City, Long Island, Westchester, and parts of upstate New York, helping them communicate with organizations and acting as their advocate, so they can receive the benefits available to them.

Veterans Program
Honorary Chair**

VNS Health is one of the largest non-profit home- and community-based health care organizations in the United States, serving all five boroughs of New York City, and Nassau, Suffolk and Westchester counties, as well as parts of upstate New York. Founded in 1893, VNS Health has approximately 51,000 patients, clients, and health plan members in its care on any given day. We deliver expert and compassionate care to tens of thousands of New Yorkers, including those who are overlooked, marginalized, or otherwise find it hard to get the care they need. We meet people where they are — in their homes and communities — and through empathy and the best possible care, we provide hope and a brighter future.

In 2024, VNS Health — together with our generous supporters and community partners — provided over \$66 million in charitable care and community impact programs, improving the lives of New Yorkers, young and old.
