ANN MARIE T. SULLIVAN, M.D.
Commissioner

November 2025

VNS Health
220 East 42nd Street
New York, NY 10017

Dear Friends,

It gives me great pleasure to recognize the continued accomplishments of VNS Health. For more than 130 years, VNS Health has been an innovator in home- and community-based health care. Currently helping more than 73,000 patients, plan members, and clients daily to live, heal, and recover in their own homes, connected to and surrounded by family, friends, and their community.

Over the year, the services offered by VNS Health, including home and personal care, hospice and palliative care, and behavioral health care - provided with empathy, integrity, and cultural competence - has impacted over 117,000 individuals across over 35 counties in New York State.

In addition to providing support for individuals who wish to stay in their homes and receive care, VNS Health also offers services and outreach through Naturally Occurring Retirement Community Nursing Services (NORCs), Veterans Outreach, Nurse-Family Partnership, Community Centers, and LGBTQ+ Outreach & GAP Programs.

The commitment and dedicated efforts of VNS Health has made this organization one of our most important and valued partners which OMH depends on to fulfill our own mission of promoting the mental health of all New Yorkers with a particular focus on providing hope and recovery.

Congratulations to VNS Health on their years of invaluable service to the community. And wishing them great success on the VNS Health 2025 Benefit, "Here When You Need Us."

Sincerely,

Ann Marie T. Sullivan, MD
Commissioner
